

Elisabeth Myers

Junior Full-Stack Developer | [+44 7720 969358] | [www.linkedin.com/in/elisabeth-myers]

Professional Summary

A dedicated and self-motivated individual with nine years of experience in healthcare, now transitioning into front-end development. Passionate about coding, with a focus on creating user-friendly and efficient web applications. Experienced in JavaScript, React, and front-end technologies. I bring problem-solving skills, attention to detail, and strong communication, developed through years of team leadership and mentoring in the healthcare sector. Currently expanding my skill set through self-directed learning and formal coding courses. Proficient in Swedish (3 years of study).

Education & Professional Development

Full Stack NanoDegree | Code First Girls — 2024

- A comprehensive career-switching coding program completed during evenings and weekends.
- Key Technologies: JavaScript, TypeScript, React, Git, MySQL, Node.js, Express
- Gained hands-on experience in both individual and team projects, including API development, testing with Jest, debugging, and UX/UI design.

Additional Courses & Self-Study

- **Three.js Journey** — Focused on 3D graphics and WebGL, enhancing my ability to create interactive web elements.
- **Full-Stack Web Development** by Angela Yu — Completed a comprehensive course covering the full stack, from front-end to back-end.
- **Scrimba (JavaScript, React, TypeScript)** — Interactive coding platform with hands-on coding projects.
- **CodeCademy** — Various courses to reinforce core front-end skills, including HTML, CSS, JavaScript, and React.
-

Work Experience

Staff Nurse | NHS — 2019–Present

A dedicated staff nurse in a nationally recognized cancer treatment hospital, where I honed my leadership, problem-solving, and communication skills.

- **Leadership & Teamwork:** Led teams in high-pressure situations, managed patient care plans, and mentored junior staff.
- **Problem-Solving & Adaptability:** Quickly adapted to new and challenging situations, ensuring patient needs were met while maintaining high standards of care.
- **Effective Communication:** Fostered strong relationships with patients and multidisciplinary teams, ensuring clarity and understanding in complex situations.

Other Relevant Experience:

- **Technology Integration:** Developed an appreciation for using technology to solve real-world problems, which inspired my transition into development.

Technical Skills & Tools

-
- **Languages:** JavaScript, TypeScript, HTML, CSS
- **Frameworks & Libraries:** React, Node.js, Express
- **Databases:** MySQL
- **Tools & Platforms:** Git, GitHub, Figma, Blender, Tailwind CSS
- **Other Technologies:** Three.js / WebGL (3D web development), Jest (testing)

Languages

- **English:** Native
 - **Swedish:** Proficient (3 years of study)
